

“Trade like an Insider”

walkthrough

why tradie?

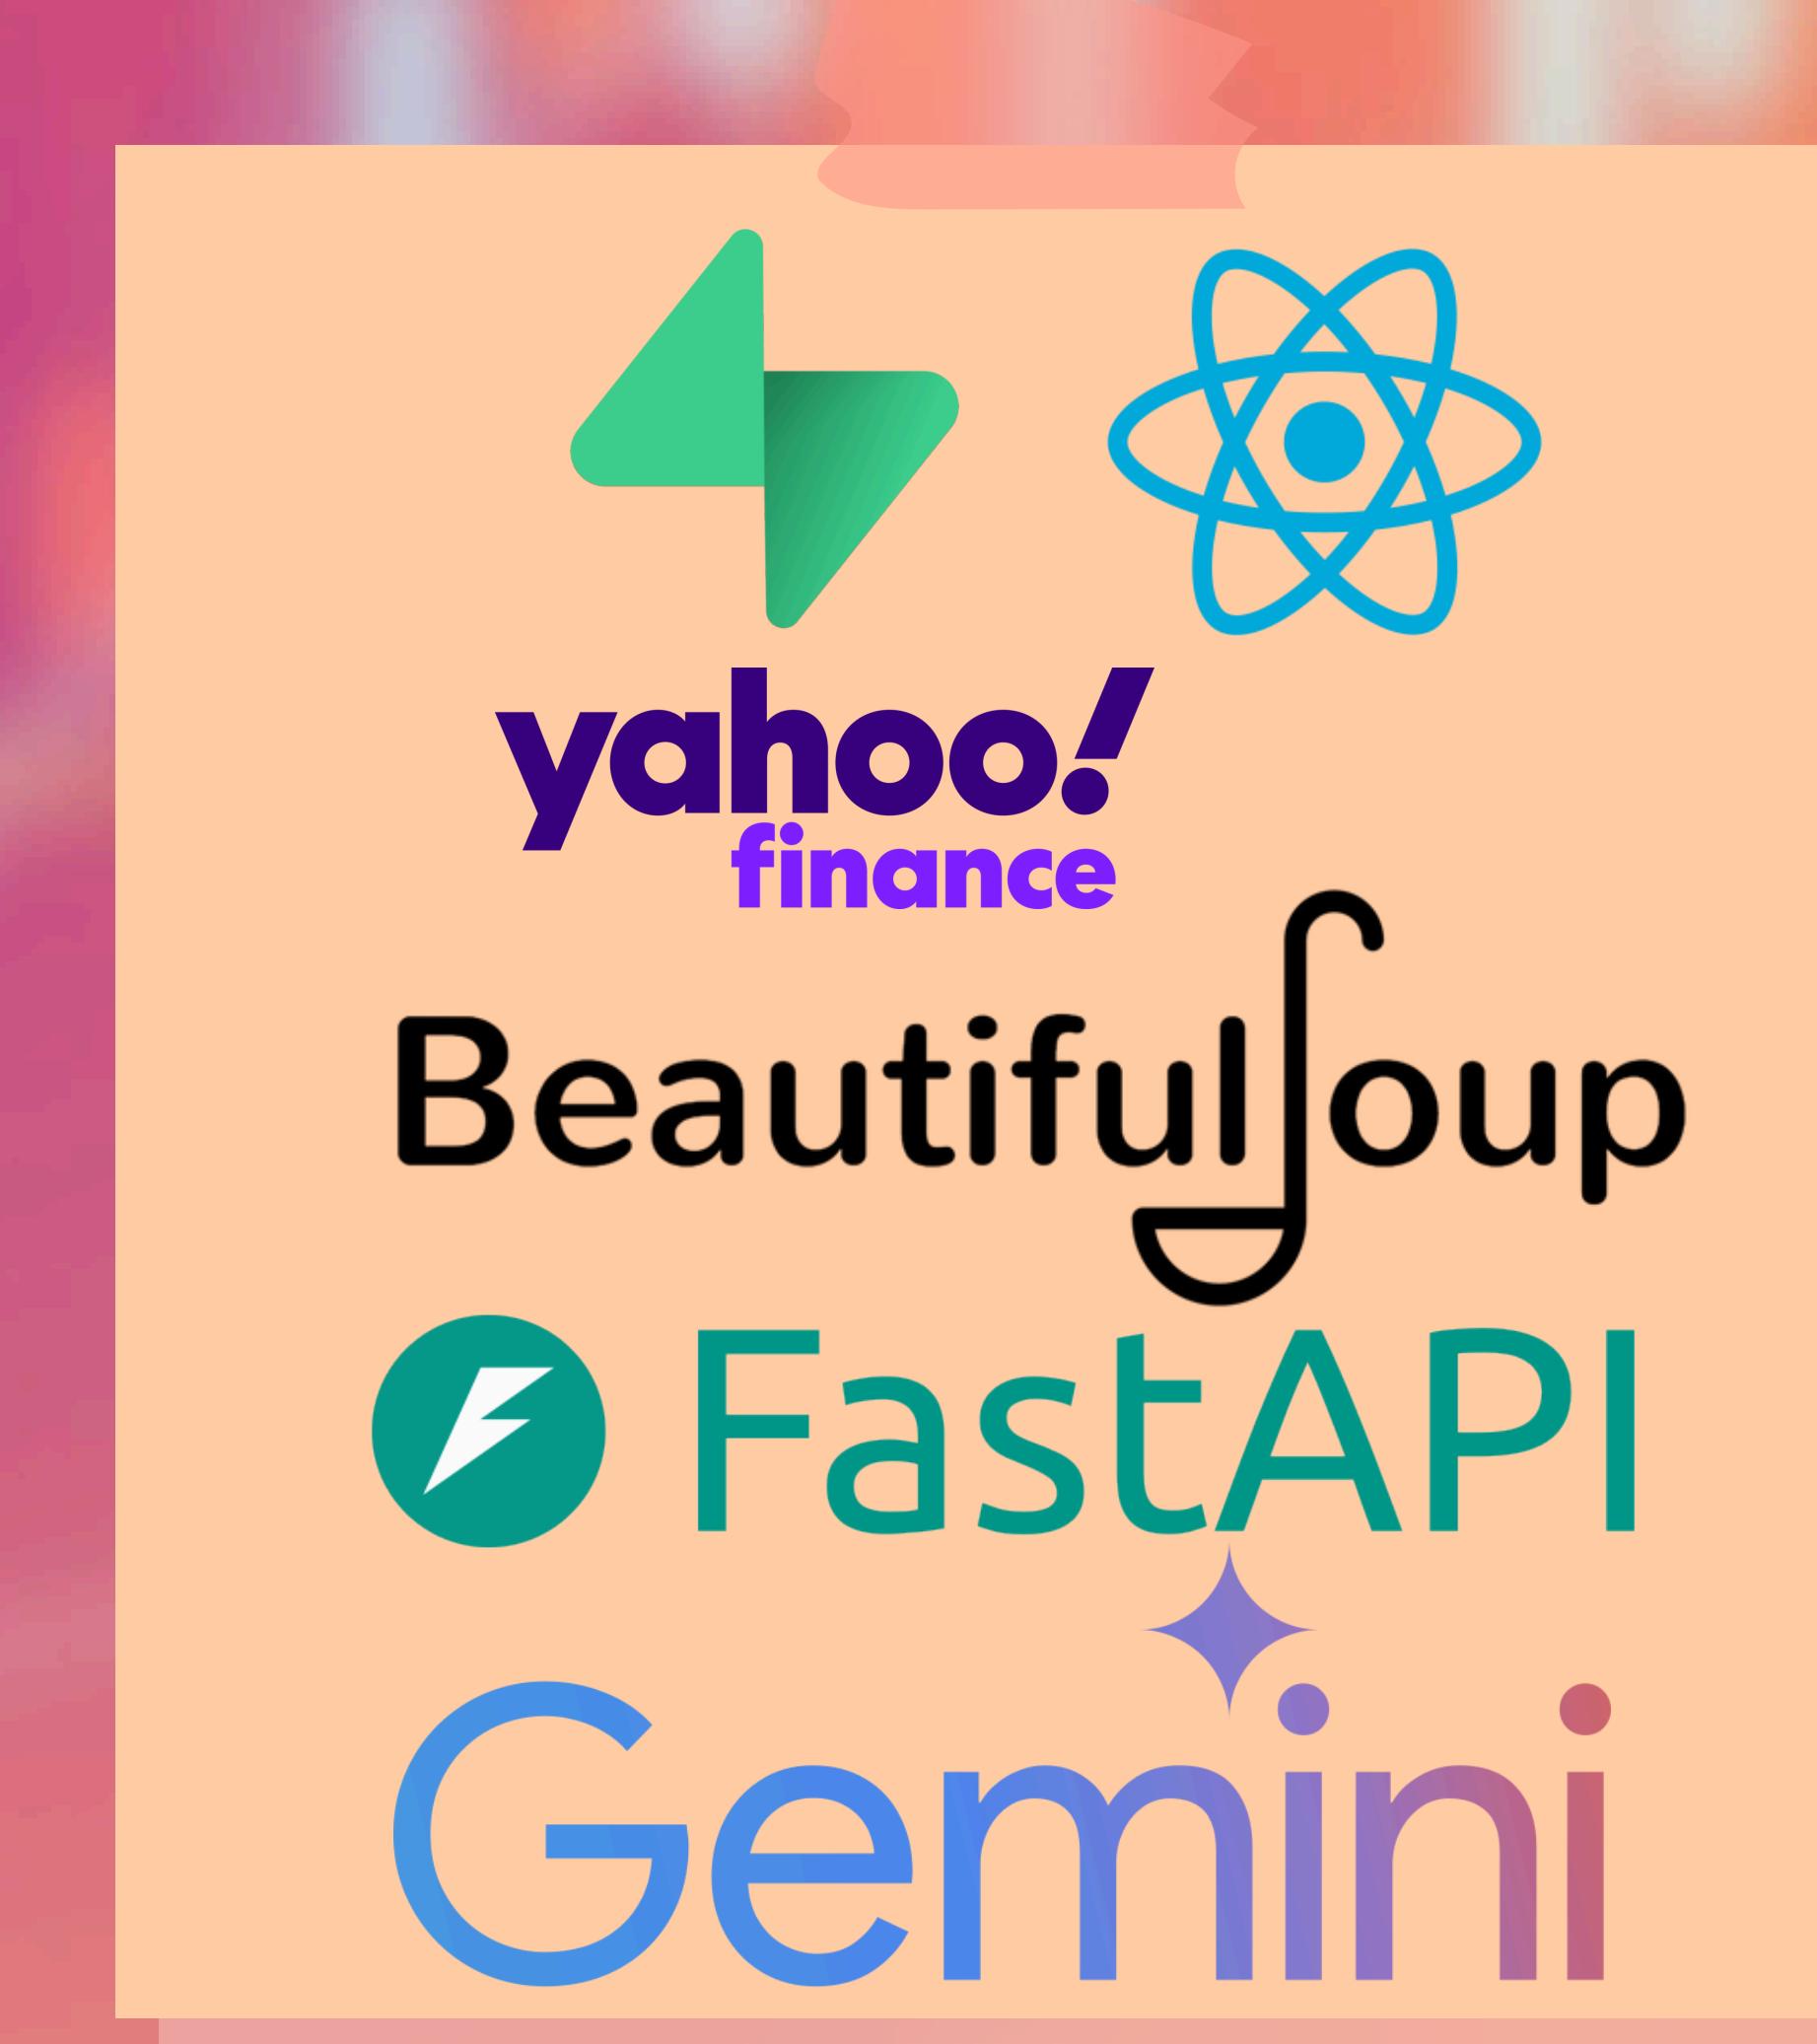

The average investor deserves the same edge insiders have. Tradie gives people real-time access to insider trading data and market insights—tools that are often hidden behind paywalls or buried in complexity.

what is tradie?

Tradie empowers everyday investors with real-time access to insider trading data, company insights, and market trends through a clean, mobile-first experience.

tech stack

created by
Elijah Senior

Tradie levels the playing field by putting powerful, easy-to-use financial tools directly into users' hands.

motivation

I've always been passionate about the stock market and finance, and I wanted to find a way to merge that interest with tech, that's how Tradie was born.
